

'NextGen Information Meeting and ADS-B'

This event will acquaint attendees with the Next Generation (NextGen) Air Traffic Control system and requirements for on-board aircraft equipment (i.e., ADS-B). An overview of hardware and software is presented together with operational theory. Benefits of the NextGen system are discussed, particularly in context to the General Aviation community.

Directions: Event will be held in Hangar B2, located on the South Ramp. For turn-by-turn directions, please use internet software such as GoogleMaps, MapQuest, Rand McNally, or similar.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
